

Eye Bolt Spanner

'T' Handle Option

The Christie Eye Bolt Spanner with specially designed socket is the perfect tool for the easy and safe tightening and untightening of eye bolts.

Features

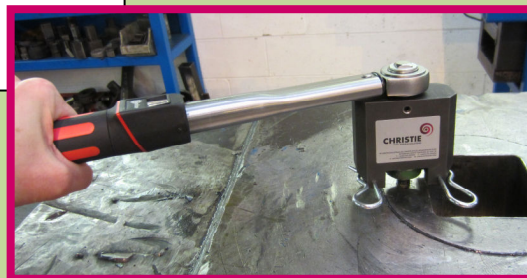

- Extended sliding 'T' handle or manual torque wrench option
- Clevis or split pins for securing the spanner onto the eye bolt

Benefits

- Enables tightening to a higher torque
- More accurate torque tightening when used with torque wrench option
- Design allows quicker tightening/un-tightening of eye bolts
- Lightweight design gives easier handling
- Stand-alone unit (no power required)

Torque Wrench Option

A range of eye bolt spanner sizes are available to order.
