

Auto shut-off Impulse Wrenches

The ideal tool for high speed, mass production lines where high productivity is essential.

The perfect assembly tool with the benefits of:

- High acceleration and speed
- Low Noise (86 dB (A) or less)
- No Reaction – low vibration (less than 2.5 m/s²)
- Accuracy +/-5%
- Auto shut-off when pre-set torque level achieved

Example application – assembly of gearbox on mass production line

Main features:

- Bi-directional torque and angle measurement
- Pulse count
- Cycle time duration & tool speed displays

Plus many other programmable features.

Optional Impulse Wrench Torque Checker
Contact us for details

Light, yet robust - the Torque Tester is the ideal choice for measurement and collection of torque data in manufacturing environments.
