Offset Wrench

In addition to supplying sockets and ancillaries in non-standard sizes, we can also manufacture sockets and ancillaries from a range of materials, and with different profiles and finishes. Special materials include Aluminium, Phosphor Bronze, Stainless Steel, and many others.

Call our **SOCKETS & ANCILLARIES TEAM** on:

01709 550088

With the latest CNC machining centres, W. Christie has in-house capability to manufacture bespoke sockets and ancillaries to suit your applications. Instead of struggling with a 'standard' socket/ancillary that doesn't quite fit or uses improper tooling, possibly even compromising safety, why not speak to us about your exact requirements.

CHRISTIE
TOTAL TORQUE SOLUTIONS

The examples shown, although not exhaustive, give a broader perspective of the type of products we can manufacture to order.

Large Hex. Socket

Not to Scale.

T-Bar

Special Adaptor
